

Reference Guide to generate a token

1. Login to your Pixxi account, go to **Admin Section**, and click on **Integrations**.

The screenshot shows the Pixxi CRM Admin interface. The left sidebar has a red box around the 'Admin' menu item and another red box around the 'Integrations' sub-item. The main content area is titled 'Integrations' and shows a 'Company Profile' tab. Under this tab, there are several integration cards: 'Pixxi CRM 2' (with PF Token 1232132 and Bayut Token 21312312), 'Bayut & Dubizzle', and 'Property Finder'. Each card has a 'Copy' button next to its API URL. The bottom of the screen shows a watermark for 'Activate Windows'.

2. Navigate to **Pixxi Forms** and click on **Generate token**.

The screenshot shows the Pixxi CRM Admin interface, specifically the 'Pixxi Forms' section. The left sidebar has a red box around the 'Admin' menu item and another red box around the 'Pixxi Forms' sub-item. The main content area is titled 'Integrations' and shows a 'Pixxi Forms' tab. Under this tab, there is a 'GenerateToken' button and a table with columns: 'Form Name', 'Form Type', 'Form Id', 'Tot', and 'Operations'. The table is currently empty, showing 'No Data'. The bottom of the screen shows a watermark for 'Activate Windows'.
